

Purpose of Public Information Centre #1

In accordance with the Terms of Reference, St Marys will hold 4 Public Information Sessions for the Haul Route Study.

The purpose of the 1st session is to:

- introduce the Haul Route Study,
- present a preliminary statement of the problem and issues to be addressed
- present an overview of some data and information collected so far
- present a preliminary assessment of alternative transport modes
- present a preliminary delineation of an exclusion zone within the Study Area where none of the alternative quarry haul routes would be located

At this preliminary point in the study, alternative haul routes have yet to be identified and the evaluation approach has not been developed.

The public and stakeholders are invited to:

- comment on the preliminary problem statement
- comment on the preliminary assessment of alternative transport modes
- comment on the preliminary delineation of the exclusion zone
- provide contact information to be notified about future events
- identify individual interests in the study
- identify any other concerns/issues
